Comments from participating teachers:

"With schools cutting budgets left and right, many things just aren't possible anymore. With the UW-L Matching Funds Program we were able to experience a wonderful program that we otherwise would not have been able to. Thank you again." – Don Abel, Neillsville Elementary

"The visit I make with part of my 8th graders really reinforces what we've talked about. It gives them a chance to see the evidence of Wisconsin's early people. I'm fascinated each time I come, and learn something new each time." – Jenny Morgan, West Salem Middle School

"On behalf of our fourth grade team, I sincerely thank you for the support you've given us in educating children about our past. I'm quite sure that our school district will continue to fund your services, especially with the Matching Funds grant." –Marie Allen, Eagle Bluff Elementary

"The resources provided by MVAC add to the richness of my Social Studies units. –Carol Howard, Galesville Elementary
